Vice President on Conference 2023

DONALEE OLYNICK

Happy December Everyone!

I would like to personally thank all of you that attended in person and online for our Annual Fall Conference and AGM. We had some amazing speakers and had great reviews from all that attended. We had approximately 51 registrants with that 7 being through zoom. Zoom attendees will be receiving their swag bags within the new year. Next years conference is already booked for October 19 2024 at the Saskatoon Inn. I am currently working on booking speakers and if you have any suggestions on who you'd like to see or a topic please feel free to email me at vicepresident@saclyt.ca or wanting to join our board we are always looking for more members. With that being said I hope you all enjoy this holiday season!

Merry Christmas and a Happy New Year!

SACLXT UPDATES

SOME THINGS YOU NEED TO KNOW!

Happy holidays to all of our members. I want to say thank you to those of you who attended our conference this year. For those of you who were not in attendance I would like to alert the membership of a few changes that were voted on at our AGM meeting regarding continuing education and membership guidelines. Starting in 2024 ALL members (inactive and active) will now be required to log at least two credits per year. The membership also voted in favour of the membership needing to attend at least one AGM meeting within every five year period. A reminder that the AGM is free of charge to attend, AND will be offered via Zoom or some other virtual avenue to allow our members easy access to meet this requirement. Please head to our website to see all the updates and changes that have been made. Another thing I would like to remind members is that whether you are an active or inactive member, the requirements to retain membership in each capacity still applies (ie: maintaining credits and work hours). Of course we understand with our population that we have gaps in our working hours for maternity leaves, family and/or medical leaves, lack of work hours etc. We are not looking to make it harder for any member to maintain membership but as a board we have an obligation to make sure that all members are keeping up with our guidelines as much as possible. We are happy to look at each individual case as you may find yourself in one of these situations. We welcome any feedback and suggestions and wish everyone health and happiness as we head into the holiday season.
